## DENTYCARD, S.A.

Dentycard, S.A. es una sociedad que aplica el Sistema Dental Dentyred a través de una red de clínicas dentales propias y ajenas concertadas a unos precios justos y asequibles.

El Sistema se basa en los siguientes principios:

- **Calidad:** prestigioso Cuadro Médico con todos los medios tecnológicos, humanos y materiales de última generación.
- **Amplia cobertura geográfica:** las clínicas Dentyred están presentes en España, Portugal y Andorra con una gran dispersión geográfica localizándose en más de 1.300 poblaciones.
- **Prestaciones sin coste:** usted gozará de prestaciones odontológicas sin coste alguno.
- **Garantía:** compromiso sobre los trabajos realizados por nuestros profesionales a través del departamento de atención dental.
- **Precios:** un 30% inferiores a la media de mercado (según estudio F.A.C.U.A.).
- **Financiación:** financiamos los tratamientos mas costosos desde 3 meses sin intereses.
- **Presupuesto y factura:** diagnóstico odontológico totalmente gratuito y sin compromiso para el paciente. Emisión de factura una vez terminado el tratamiento.

## Acceso a los servicios DENTYRED

El instrumento básico es su **TARJETA SALUD DENTAL DE ANTARES**. Con ella podrá acceder a todas las especialidades odontológicas cubiertas por nuestro extenso cuadro médico.

## Baremo de aplicación de las distintas zonas geográficas

El cuadro médico de esta guía se agrupa en **3 zonas geográficas, Zona A, B y C. Cada una de ellas cuenta con un baremo de precios máximos adaptado a la comunidad autónoma** y de aplicación en las clínicas dentales que se encuentren ubicadas en cada zona, dicho baremo de aplicación lo encontrará al comienzo de cada uno de los cuadros médicos:

- Baremo de aplicación en la **zona A**:  
Andalucía, Asturias, Canarias, Castilla-La Mancha, Castilla-León, Cantabria, Comunidad Valenciana, Extremadura, Galicia, Murcia, Ceuta y Melilla.
- Baremo de aplicación en la **zona B**:  
Aragón, Cataluña, La Rioja, Madrid, Navarra, País Vasco, Islas Baleares.

En caso de encontrarse en Portugal o Andorra puede informarse de las clínicas Dentyred concertadas en la última página de esta guía, los precios máximos de aplicación pueden ser consultados en nuestro teléfono de atención dental y en la web: [www.dentyred.es](http://www.dentyred.es)

## ¿Cómo se utiliza el servicio dental DENTYRED?

**Deberá seguir los siguientes pasos:**

1. Llamar por teléfono, **identificándose como titular de Antares Salud**, solicitando cita a cualquiera de las clínicas asociadas. Como los especialistas se actualizan constantemente, le rogamos que antes de acudir a la clínica elegida, confirme los datos que figuran en esta guía.
2. En la clínica, y antes de cualquier actuación, **deberá acreditar su identidad con su tarjeta SALUD DENTAL DE ANTARES**.
3. El dentista realizará un diagnóstico, y le hará un **presupuesto de acuerdo al baremo de precios máximos** de la comunidad autónoma donde se preste el servicio.
4. Aceptado el presupuesto, se procederá a la planificación del tratamiento y la forma de pago (la totalidad, cantidades a cuenta...) según costumbre de la clínica, y sólo de los actos con cargo.  
*Le recordamos que usted tiene los **actos médicos sin coste** que figuran en el baremo de precios máximos adjunto, y que en ningún caso el precio superará al que figura en el baremo.*
5. Finalizado el tratamiento se emitirá, por parte del especialista y/o clínica, una **factura** que será su fundamento de garantía.

## Presupuesto y Factura

Una vez realizado el diagnóstico médico, recibirá el presupuesto que aceptado por usted, servirá como base del trabajo a realizar por el especialista.

Al terminar el tratamiento, y en virtud de la forma de pago que usted haya acordado con el especialista, le será entregada una factura que le servirá como instrumento de garantía.

Revise con atención la factura y recuerde:

- Los actos estipulados sin cargo en el baremo no le pueden ser cobrados.
- En ningún caso el precio de los actos con cargo podrá ser superior al estipulado en el baremo.
- Guarde siempre la factura, es su instrumento de garantía.

## Financiación

***Su Salud no admite aplazamiento. El pago, sí.***

### LE FINANCIAMOS SUS TRATAMIENTOS

- Pague en 3 meses sin intereses.
- Consultar para financiación a 6, 12, 18, 24 ó 36 meses.

### UN SISTEMA CÓMODO, FÁCIL Y ÁGIL

- Rápida concesión, previa autorización por la financiera.
- Domicilie los pagos en su Banco.
- Comience a pagar al mes siguiente.

*Financiación sujeta a aprobación por parte de la entidad financiera.*

PARA MAS INFORMACIÓN LLAMAR AL

**902 22 00 44 (ext. 2105)**

## Tratamientos cubiertos por el servicio dental **DENTYRED**

Todos aquellos tratamientos propios de la odontología y de la especialidad estomatológica que se encuentran codificados en el baremo de precios máximos que se incluye en esta Guía dental, y siempre que puedan ser prestados por los dentistas que figuran en el Cuadro Médico, cuyas especialidades o exclusividades se especifican en cada caso.

Aquellos **actos quirúrgicos propios de la medicina maxilofacial** (codificados del 7200 al 7900) sólo podrán ser realizados por especialistas incluidos en esta Guía dental cuando la indicación diagnóstica así lo aconseje. Si no fuera así, dichos tratamientos **sólo los podrá realizar un cirujano maxilofacial** y por tanto quedan excluidos del Sistema de Salud Dental DENTYRED.

Con el fin de dar la mayor cobertura posible, DENTYRED cuenta, en algunas localidades, con cirujanos maxilofaciales especializados en prestar dichos servicios. En cualquier caso **quedan excluidos los gastos hospitalarios y de anestesia**.

Las radiografías han de estar prescritas por un especialista del cuadro médico de la presente Guía dental. En caso contrario, las clínicas radiológicas concertadas no tiene obligación de ajustarse al baremo de precios máximos.

Los casos de urgencia serán atendidos en las clínicas dentales en sus días y horarios establecidos o llamando al **Departamento de Atención Dental en el 902 22 00 44**.

## Calidad de Servicio

Para **mantener la calidad** del servicio en su punto máximo, Dentycard, S.A. cuenta con un **departamento especializado y específico** para la gestión de cualquier circunstancia que pudiera originar descontento.

A tal efecto el titular dirigirá por escrito las reclamaciones que estime oportunas (junto con la factura emitida por quién realizó el acto médico) a:

Sistema de Gestión de Calidad  
Servicios de Intermediación  
Médico - Odontostomatológicos

28001 Madrid**

# Diccionario terminológico

**ODONTOLOGÍA-ESTOMATOLOGÍA:** Son dos titulaciones diferentes. Los dos son dentistas, pero el estomatólogo además es médico.

- **Alveoloplastia:** Es la reparación del alojamiento óseo del diente, normalmente rellenándolo con hueso artificial.
- **Apicectomía:** Eliminar quirúrgicamente la punta o ápice de la raíz de un diente.
- **Articulador:** Artilugio que reproduce los movimientos bucales.
- **Atache:** Enganche.
- **A.T.M.:** (Articulación Témporo Mandibular). Es la articulación de la mandíbula con el cráneo.
- **Bracket-multibrackets:** Piezas metálicas o cerámicas que se pegan a los dientes para enganchar los diferentes elementos de ortodoncia.
- **Cefalometría:** Son mediciones craneales sobre una radiografía.
- **Cirugía ortognática:** Técnica quirúrgica que sirve para corregir graves malposiciones dentarias.
- **Colgajos:** Despegamiento quirúrgico de las encías.
- **Cordal:** Muela del juicio.
- **Endodoncia:** Desvitalización = «Matar el nervio». Puede ser de 1, 2, 3 o más conductos, según el número de nervios que tenga la pieza dentaria.
- **Férula:** Plancha o placa de material plástico que se aplica a una arcada.
- **Ferulización:** Método o sistema de afianzamiento que evita que los dientes se muevan.
- **Frenectomía:** Eliminación del frenillo del labio o de la lengua.
- **Fuerzas ortopédicas:** Las que ejercen los aparatos de ortodoncia sobre el hueso de los maxilares.
- **Implantología Oral:** Es la sustitución de las piezas que faltan mediante implantes («tornillos») que se introducen en el hueso de los maxilares para que sujeten las prótesis (coronas, fundas, puentes, removibles...).
- **Incrustación:** Empaste realizado fuera de la boca por un mecánico dental o protésico.
- **Injertos óseos:** Es la reposición con hueso artificial o propio de los defectos maxilares.
- **Mantenedor de espacio:** Es un aparato que se pone entre los dientes para mantener el hueco del diente de leche que se ha caído, hasta que salga la muela definitiva.
- **Muñón:** Es la reconstrucción de la raíz del diente con sistemas metálicos, para que pueda ser utilizado como sujeción o pilar de un puente o una corona.
- **Obturación:** Empaste.
- **Oclusiones/A.T.M.:** Es el tratamiento de las molestias musculares al masticar, mediante el tallado de las muelas o mediante planchas (férulas) relajantes.
- **Odontosección:** Extracción de la raíz enferma de una muela, conservando las sanas.
- **Ortodonda:** Es el tratamiento de las malposiciones dentarias con aparatos fijos o removibles.
- **Ortopantomografía:** Es una radiografía panorámica de toda la boca.
- **Osteotomía:** Quitar una porción o un poco de hueso.
- **Periodoncia:** Tratamiento y cuidado de las encías.
- **Prótesis Fija:** Es la sustitución de las piezas que faltan o están en muy mal estado, mediante coronas (fundas) o puentes fijados a piezas naturales o implantes.
- **Prótesis Híbrida:** Es una prótesis (dentadura) atornillada a implantes que el dentista puede desmontar fácilmente para su revisión y limpieza.
- **Prótesis Mixta:** Es la sustitución de piezas mediante coronas o puentes fijos donde se sujetan las prótesis removibles.
- **Prótesis Removible:** Es la sustitución de los dientes o muelas que faltan mediante un aparato de «quita y pon». Estos pueden ser de resinas plásticas (acrílicos) o de estructura metálica (esquelético).
- **Pulpotomía:** Eliminación parcial del nervio.
- **Quistectomía:** Eliminar un quiste mediante cirugía.
- **Radiografía periapical:** Es la radiografía pequeña de los dientes.
- **Raspaje y alisado radicular:** Limpieza profunda de las raíces dentales.
- **Sobredentadura:** Es una prótesis removable anclada, sujeta a implantes.
- **Tartrectomía:** Limpieza de boca = Profilaxis.
- **Terapia Regenerativa:** Hacer crecer el hueso de las encías mediante unas «membranas».
- **Transeptelial:** Pieza de unión entre un implante y su prótesis o corona.
- **Tratamiento interceptivo:** Método de ortodoncia para ensanchar los maxilares o para realizar pequeños movimientos dentales.
